ALUMINA BRICKS

- Super duty
- Alkali resistance
- CO resistance
- Controlled porosity
- Abrasion resistance
- Enhanced CCS & RUL

MAGNESIA CARBON BRICKS

- Highest refractoriness
- Enhanced corrosion resistance
- Superior slag penetration resistance
- Excellent price - performance ratio

INNOVATIVE REFRACTORY SOLUTIONS

Waldstein Co. provides a wide range of refractory products including Magnesia Carbon Bricks, Alumina Bricks, Monolithics, Precasts, Ladle Filling Sand, Fused Cast Blocks, etc.

With respect to our customer demands in steel, cement, aluminum and petrochemical industries, we present the most practical solutions.

Our commitment to quality and safety has made us known as one of the most reliable and prestigious companies.
